

**For immediate release:  
Transform your smart phone into a satellite phone**

Satellite Television & Radio Australia (STRA) is proud to announce our alliance with Pivotel. As a Premium Dealer, STRA can now offer the very latest and smartest products in satellite telephones, satellite maritime, satellite broadband and personnel trackers and competitive satellite voice and data plans.

**Thuraya SatSleeve** is the world's first satellite adaptor for Smartphones, providing you with easy and affordable access to mobile communication services delivered over the Thuraya satellite network. Insert your compatible Smartphone into the SatSleeve to stay connected through phone calls, SMS, and data via satellite mode - and put the entire world within reach.

From \$849 incl GST  
Casual plans from \$15 per month\*

\*plus \$25 once off connection fee  
# conditions apply

**THARAYA SATSLEEVE FEATURES**

- Add a satellite connection to your Smartphone to stay in touch wherever you go.
- SatSleeve Voice and Data supports voice, SMS, email and iPhone apps over satellite.
- Extended battery life, acting as backup battery for the iPhone.
- Download the free SatSleeve App from the iTunes App Store for iPhone and Google Play for Samsung phone.
- Enhanced safety features with an Emergency Call button.
- High Penetration Alerting (HPA) capability enables you to receive calls even if the satellite antenna is retracted.
